Parashah #17: Yitro: "Jethro"
Shemot/Exodus 18:13-26
By: Yehudah ben Shomeyr

Have you ever seen something so spectacular and amazing that you found it hard to describe?

Well, the Scriptures tell us that no man can see ADONAI God and face to face and live, but ADONAI has shown Himself in Light, Flames, Thick Clouds, and in many other things, some of which was hard for the prophets to describe, yet they are recorded in the Scriptures in hopes we might be able to get a sense, even a little bit of what they saw. This is what Moses did in our Torah Portion, Isaiah in the Haftarah and Yochannon in our Brit Chadasha portion tries to convey to their readers.

Shabbat Shalom and Shavuah Tov!
