God does not like divorce, guess what? Kids don't either! Many of you may come from a divorced family. God doesn't like it, but makes allowances for it because unfortunately, sometimes it is necessary and because He will not violate our free will. Many of you have decided now to never let it happen to you or your family when you grow up, because you know firsthand how devastating the reality of divorce is. I beg you to hold firm to that decision and allow Torah to be your guide and make sure whoever you pick to be your spouse, that they are a Torah Obedient Jew or Gentile that loves Yeshua too. This, if carried out correctly assures one of a happy divorce free marriage.

Shabbat Shalom and Shavuah Tov!
